LinkTag – Phoenix 8000 Order Form

This form was designed to assist you in ordering the correct LinkTag components for the Phoenix 8000 system. Please enter the number of each component required in the "Number to order" column. When complete, include this order form with your purchase order. If you have questions, please contact ICS technical support at the number above.

Part Number	Description	List Price	Minimum Required	Number to order
LTR1-A	LinkTag Reader module for Phoenix Systems	$299.95	1 per system	
The LinkTag programmer is an optional unit used for reading and programming LinkTags. If this unit is not ordered, LinkTags can be programmed at the factory for no extra charge.				
LTP1-PHX-A	LinkTag programmer and software package for Phoenix systems.	$499.95	Optional	
LT1-CS-P8000-A	LinkTag system tag set for Phoenix 8000, Card style, 12 tags per set.	$59.95	1 set per system	
Please enter the serial number of the Phoenix 8000 system for system card programming			*S#*	
A replacement EPROM is required for the Phoenix 8000 system. No data will be lost and the operation of the system will not change. The prompts will change to read LinkTags, instead of cards or keys. If you have a TCI with a version previous to 4.2, it will also be necessary to upgrade it to version 4.2				
P8000-EPROM-CPU4.2LT	Phoenix 8000 LinkTag EPROM, version 4.2	$29.95	1 per system	
P8000-EPROM-TCI4.2	Phoenix 8000 TCI EPROM, version 4.2	$29.95	Optional	
Keyfob style and Card style Vehicle LinkTags can both be used on the system at the same time. Please indicate how many of each are required for your system.				
LT1-KS-A	Vehicle LinkTag for Phoenix 8000 system, Keyfob style	$4.99	One per vehicle	
LT1-CS-A	Vehicle LinkTag for Phoenix 8000 system, Card style	$4.99	One per vehicle	
	Card Style LinkTags may have up to 4 lines of information printed at no extra charge. Please fill in one letter in each block below to indicate the printed text. Vehicle numbers will be printed automatically.			

If you would like to have the above LinkTags factory programmed, please indicate below the serial number of the Phoenix 8000 system, as well as the range of vehicle numbers required for each Keyfob style and Card style LinkTag. If the vehicle numbers are not sequential, please provide a text file containing a list of vehicle numbers to be programmed.

Phoenix 8000 serial number	S#	
Vehicle Range for Keyfob style LinkTags	From	To
Vehicle Range for Card style LinkTags	From	To
